Bug Title: All Products Display the Same Image

Application: SauceDemo
Module: Products / Inventory
Test Account: problem_user
Severity: Medium
Priority: P2
Status: Reproduced – Evidence to be attached

Description

When logged in using the problem_user account, all six products display the same product image instead of their respective images.

Preconditions

User must be logged in using problem_user.

Steps to Reproduce

1. Open https://www.saucedemo.com/
2. Enter username: problem_user
3. Enter password: secret_sauce
4. Click Login.
5. Navigate to the Products page.
6. Inspect all six product images.

Expected Result

Each product should display its corresponding product image.

Actual Result

All six product cards display the same image.

Comparative Testing

The standard_user account displays different product images correctly, while problem_user displays the same image for all six products.

Environment

Operating System: macOS
Browser: Brave

Evidence

Attach:

- Screenshot of problem_user Products page.
- Screenshot of standard_user Products page.

Conclusion

The problem_user account displays incorrect product images compared with standard_user.
