BUG REPORT – BUG006

Bug Title: Last Name Field Unexpectedly Loses Input Focus

Application: SauceDemo
Module: Checkout Information
Test Account: problem_user
Severity: High
Priority: P1
Status: Reproduced – Evidence to be attached

Description

When entering text in the Last Name field using problem_user, the input focus unexpectedly shifts to the First Name field before the complete last name is entered.

Preconditions

User must be logged in using problem_user and have opened the Checkout Information page.

Steps to Reproduce

1. Open https://www.saucedemo.com/
2. Log in using problem_user.
3. Add a product to the cart.
4. Open the cart and click Checkout.
5. Enter a first name.
6. Click the Last Name field.
7. Type "doe".
8. Observe where the final character appears.

Expected Result

All characters of "doe" should remain in the Last Name field.

Actual Result

The final character "e" unexpectedly appears in the First Name field.

Comparative Testing

The same operation works correctly with standard_user. The focus-shifting issue occurs with problem_user.

Environment

Operating System: macOS
Browser: Brave

Evidence

Attach a screen recording demonstrating the issue and screenshots from both user accounts.

Conclusion

The Last Name field behaves incorrectly with problem_user compared with standard_user.
