BUG REPORT – BUG007

Bug Title: Product Sorting Does Not Work Correctly

Application: SauceDemo
Module: Products / Sorting
Test Account: problem_user
Severity: Medium
Priority: P2
Status: Reproduced

Description

When logged in using the problem_user account, selecting the Price (low to high) sorting option does not arrange products in ascending price order.

Preconditions

User must be logged in using problem_user.

Steps to Reproduce

1. Open https://www.saucedemo.com/
2. Log in using problem_user.
3. Navigate to the Products page.
4. Open the product sorting dropdown.
5. Select Price (low to high).
6. Observe the displayed product order and prices.

Expected Result

Products should be arranged from the lowest price to the highest price.

Actual Result

Products are not displayed in the correct ascending price order.

Comparative Testing

Compare the same sorting operation using standard_user to verify the difference.

Environment

- Operating System: macOS
- Browser: Brave

Evidence

Attach screenshots showing the product order and prices after selecting Price (low to high).

Conclusion

The product sorting functionality behaves incorrectly under problem_user, affecting the ability to browse products by price.
